## All Inclusive and Exclusive Contract Language

All providers are expected to understand and comply with the language included in your Magellan agreement. Services that are included in the stipulations below as being inclusive to your Magellan contracted per diem rate are not eligible for direct reimbursement from your agency or from a 3<sup>rd</sup> party vendor. Ancillary services, such as laboratory services, are expected to be provided in compliance with state regulatory requirements and are already part of your Magellan reimbursement. Any claims for ancillary services that are inappropriately reimbursed are eligible for retraction as outlined in the terms of your provider agreement.

### Definitions

- Exclusive: Rate includes all clinical, ancillary services, diagnostic and professional services related to a behavioral health diagnosis. One physician service per day may be billed in addition.
- Inclusive: Rate includes all clinical, ancillary services, diagnostic and professional services related to a behavioral health diagnosis.
- Ancillary services relative to a contracted per diem rate are defined as the following services: All services associated to an admission or course of treatment in conjunction with a behavioral health diagnosis, including, but not limited to, professional fees, clinical laboratory services, nursing, dietary services and urinalysis.
