Network providers,

On behalf of Magellan Behavioral Health of Pennsylvania, Inc., we would like to thank you for 25 years of excellent service and care to individuals in Delaware County. Through the work of your agencies, we have been able to positively impact the wellbeing of the individuals we serve and improve the quality of people's lives.

Over the years we have partnered together, developed innovative programs, and transformed our delivery system. Without the services provided by your organizations, we would not have been able to achieve the successes we accomplished in Delaware County.

As the contract transitions to Community Care Behavioral Health, we know that your organizations will continue to provide exemplary services.

Thank you and take care,
