

Magellan Behavioral Health of Pennsylvania, Inc. (Magellan) invites you to attend a
FREE Live, Interactive Webinar

MOTIVATIONAL INTERVIEWING FOR USE OF MEDICATION-ASSISTED TREATMENT (MAT)

This 3.0 continuing education workshop was developed for social work professional, addiction professional, certified counselors, and other clinical staff to increase their knowledge, ability and understanding of the value of implementing Motivational Interviewing with individuals where MAT is indicated. This training event will cover practical Motivational Interviewing strategies. Previous training in MI basics is recommended prior to attending this training. All staff and supervisors providing substance use disorder services, co-occurring disorder services, and acute inpatient services are welcome to attend.

Date: Thursday, August 25, 2022

Time: 1:30 PM to 4:30 PM *(Please log in by 1:15pm)*

Location: Zoom

System

Requirements: A device with internet connection and speakers to participate in live, interactive webinar.

Cost: **Free of Charge** - Registration is required.

Registration: Please register [here](#) in advance. When completing this registration, you will be asked to complete several questions to assess your knowledge of MI prior to the training. After registering, you will receive a confirmation email containing information about joining the meeting. ***Each individual participant must register and use the link they were sent to join the training. Sharing of links will limit access.**

Presenter:

Sandra Cini, LCSW, CCS, CAADC

Sandy Cini is a Pennsylvania Licensed Clinical Social Worker, Certified Advanced Alcohol and Drug Counselor, Certified Clinical Supervisor, and Certified Clinical Trauma Professional. She has been working with individuals with substance use disorders and co-occurring mental health disorders for over 25 years. For the past 24 years, Sandy has worked with individuals with Opioid Use Disorder who are utilizing medication-assisted treatment as part of their recovery journey. She is currently the Program Director of an outpatient methadone maintenance clinic in Philadelphia. Sandy served on the Service Access, Best Practices and Treatment Providers subcommittee of the Mayor's Opioid Task Force in Philadelphia. She is also a field placement supervisor for graduate social work students and a trainer and speaker on topics related to addiction, recovery, harm reduction and treatment interventions.

Presenters' Disclosure: Sandra Cini, MSW, M.Ed., LCSW, CCS, CAADC has no relevant financial relationship commercial interest that could be reasonably construed as a conflict of interest.

Continuing Education: CE clock hours are approved for counselors, social workers, addiction professionals, and professionals certified by the Pennsylvania Certification Board.

Target Audience: This activity is targeted for Substance Use and Co-occurring Assessment workers. Counselors and staff from all levels of care and all respective supervisors of these departments are also encouraged to attend. Additionally, this activity is targeted for intermediate skill level addiction professionals, counselors, and social workers. Opioid Centers of Excellence staff are also encouraged to attend.

Training Goal: The goal of this presentation is to provide increased understanding of MAT as a treatment modality and how to utilize Motivational Interviewing techniques with individuals who present with substance use disorders who may benefit from MAT as part of their treatment. The counselor skill group for addiction professionals is case management.

Learning Objectives:

At the conclusion of the training, participants will be able to:

- Identify at least 3 outcomes that can result when MAT is utilized as part of treatment.
- Discuss why some clients may be hesitant to use MAT as part of their recovery journey.
- Identify current FDA approved medications for substance use disorders.
- Identify and discuss at least 3 Motivational Interviewing (MI) traps.
- Identify and discuss at least 3 counselor styles that can increase resistance to change.
- Identify and discuss the 4 elements that make up the Spirit of MI.
- Identify and discuss the core skills of MI and how to use them with a client that may/may not be considering MAT as part of their recovery.

Course Outline:

- Substance Abuse in America
- Medication-Assisted Treatment
- Stages of Change
- General Principles of Motivational Interviewing (MI)
- Motivational Interviewing: MI Spirit and MI Skills/Techniques
- MI Techniques (OARS)
- Case Example
