

Magellan Behavioral Health of Pennsylvania, Inc. (Magellan) invites you to attend a  
**FREE Virtual Training with CE Opportunities**

## **USING MOTIVATIONAL INTERVIEWING WITH CLIENTS WHO LEAVE AGAINST MEDICAL ADVICE (AMA) FROM WITHDRAWAL MANAGEMENT (DETOX)**

This training is a skill building opportunity to help staff increase their knowledge and understanding of the value of Motivational Interviewing techniques with a person struggling with substance use. Training will provide strategies to identify, engage, and support someone with Substance-Use-Disorder (SUD). This training event will cover practical Motivational Interviewing strategies. Previous training in MI basics is recommended prior to attending this training. All staff and supervisors providing substance use disorder services, co-occurring disorder services, and acute inpatient services are welcome to attend.

**Date:** Thursday, October 27, 2022

**Time:** 1:30 PM to 4:30 PM *(Please log in by 1:15pm)*

**Location:** Zoom

### **System**

**Requirements:** A device with internet connection and speakers to participate in live, interactive webinar.

**Cost:** **Free of Charge** - Registration is required.

**Registration:** Please register [here](#) in advance. When completing this registration, you will be asked to complete several questions to assess your knowledge of MI prior to the training. After registering, you will receive a confirmation email containing information about joining the meeting. **\*Each individual participant must register and use the link they were sent to join the training. Sharing of links will limit access.**

### **Presenter:**

**Sandra Cini, LCSW, CCS, CAADC**

Sandy Cini is a Pennsylvania Licensed Clinical Social Worker, Certified Advanced Alcohol and Drug Counselor, Certified Clinical Supervisor, and Certified Clinical Trauma Professional. She has been working with individuals with substance use disorders and co-occurring mental health disorders for over 25 years. For the past 24 years, Sandy has worked with individuals with Opioid Use Disorder who are utilizing medication-assisted treatment as part of their recovery journey. She is currently the Program Director of an outpatient methadone maintenance clinic in Philadelphia. Sandy served on the Service Access, Best Practices and Treatment Providers subcommittee of the Mayor's Opioid Task Force in Philadelphia. She is also a field placement supervisor for graduate social work students and a trainer and speaker on topics related to addiction, recovery, harm reduction and treatment interventions.

**Presenters' Disclosure:** Sandra Cini, MSW, M.Ed., LCSW, CCS, CAADC has no relevant financial relationship commercial interest that could be reasonably construed as a conflict of interest.

**Continuing Education:** CE clock hours are approved for counselors, social workers, and professionals certified by the Pennsylvania Certification Board.

**Target Audience:** This activity is targeted for Substance Use and Co-occurring Assessment workers. Counselors and staff from all levels of care and all respective supervisors of these departments are also encouraged to attend. Additionally, this activity is targeted for intermediate skill level addiction professionals, counselors, and social workers. Opioid Centers of Excellence staff are also encouraged to attend.

**Training Goal:** The goal of this presentation is to help staff increase their knowledge and understanding of the value of Motivational Interviewing techniques with a person struggling with substance use disorder and how to utilize Motivational Interviewing techniques with individuals who present with substance use disorders who leave (or want to leave) AMA from withdrawal management.

#### **Learning Objectives:**

At the conclusion of the training, participants will be able to:

- Identify and discuss existing gaps in the substance use disorder (SUD) treatment system.
- Discuss factors that can contribute to premature or AMA (Against Medical Advice) discharges from SUD treatment, particularly Withdrawal Management (WM).
- Identify how Motivational Interviewing (MI) can be utilized to increase retention and engagement in SUD treatment.
- Discuss why some clients require WM as part of their treatment.
- Identify and discuss existing gaps in the substance use disorder (SUD) treatment system.
- Discuss factors that can contribute to premature or AMA (Against Medical Advice) discharges from SUD treatment, particularly Withdrawal Management (WM).
- Identify how Motivational Interviewing (MI) can be utilized to increase retention and engagement in SUD treatment.
- Discuss why some clients require WM as part of their treatment.
