

Alternative Payment Arrangements Final Update

The last communication that came out in April was a notification that Magellan extended the GAP payments through December 2022. Throughout the last several months, Magellan and our county partners have worked to increase rates so that the delivery system is able to return to fee for service when the GAP payments end. As a reminder, the GAP payments are retrospective and paid two months after the service month. The schedule for the final three payments for 2022 follows:

Service Month – October 2022

Magellan Finance Review – Initiated Dec 30th

GAP Payment – Week of January 9th check runs for each County

Service Month – November 2022

Magellan Finance Review – Initiated Jan 31st

GAP Payment – Week of Feb 13th check runs for each County

Service Month – December 2022

Magellan Finance Review – Initiated Feb 28th

GAP Payment – Week of March 13th check runs for each County

We really appreciate your ongoing commitment to our members and your partnership through this process. If you have any questions, please feel free to e-mail us at mlcollins@magellanhealth.com.
