

# Facilitating Attuned Interactions (FAN) Training

4 DAY LEVEL 1 TRAINING: MAY 30, 31, JUNE 5 - 10AM-1PM

JUNE 6TH - 1PM-4PM

Target Audience: Mental Health Clinicians who work in Family Based Services (FBS), Intensive Behavioral Health Services (IBHS), or Outpatient (OP) and their supervisors who work with families with children aged 0-5 seeking to integrate new skills in their practice to help build better relationships with parents/caregivers.

.....

Presented by The Erikson Institute, FAN focuses on building better relationships with parents. FAN's ultimate goal is strengthening the provider-parent relationship, resulting in parents who are attuned to their children and ready to try new ways of relating to them.

.....

Level I Core Training: Five segment training for supervisors and practitioners on the FAN theory of change, core processes and ARC, and attunement process with families.

Sponsored by the Montgomery County Department of Health and Human Services Office of Mental Health/Developmental Disabilities/Early Intervention. REGISTRATION IS REQUIRED AND SPACE IS Limited. Social Work & PCB Credits are available.

.....

## ABOUT THE PRESENTERS:

Dr. Murphy Sims is a physical therapist and pediatric clinical specialist embedded in the early childhood mental health team at UCSF Benioff Children's Hospital Oakland. She is endorsed as an infant and early childhood mental health specialist, and reflective practice facilitator. She is a home visitor serving families with infants and young children with medical and developmental complexity, as well as providing supervision, consultation, and training.

Carlos Guerrero is a social worker at Early Intervention Services, UCSF Benioff Children's Hospital Oakland. He received his degree in general medicine from Pontificia Universidad Javeriana, (Bogotá, Colombia), and a Master in Social Work from California State University East Bay. Carlos has been providing specialized care to infants in foster care and their families throughout his career within UCSF Benioff Children's Hospital Oakland's Early Intervention Services Department, and within the Therapeutic Guidance for Infants and Families Program.
