Registration: [Register here](#)

After registering, you will receive a confirmation email containing information about joining the meeting.

Presenter:

John Siegler, Psy.D., Magellan Behavioral Health of Pennsylvania

Dr. Siegler provides consultation to the care management team, reviews of community-based service requests, and supports children's service providers striving to provide effective and accountable treatment services to the individuals and families they serve. Dr. Siegler has extensive experience providing consultation services in educational, psychiatric, and forensic settings. He has provided staff training to behavioral health providers on a variety of topics related to clinical excellence and clinical accountability. Prior to joining Magellan, Dr. Siegler has held clinical leadership positions in psychiatric inpatient, psychiatric residential treatment, extended acute care, intensive behavioral health services and outpatient settings.

Presenters' Disclosure:

John Siegler, Psy.D. has no relevant financial relationship commercial interest that could be reasonably construed as a conflict of interest.

Target Audience: This activity is targeted for IBHS clinicians, IBHS support professionals and IBHS systems partners.

Training Goal: The goal of this presentation is to provide increased understanding of IBHS treatment planning and practices.

Learning Objectives:

At the conclusion of the training, participants will be able to:

- Define Comprehensive Assessment
- Identify and prioritize member needs
- Assessing Parental engagement and readiness
- Types of Assessment Tools
- How to collect meaningful data and measure change
- How to define behaviors
- Developing treatment targets
- Determining where services should be delivered for maximum benefit
- Determining the right intensity of services
- Assessing barriers to treatment
