

Magellan's Pennsylvania team increases local volunteer opportunities at food and social services organizations

Over the past few months, Magellan Behavioral Health of Pennsylvania extended its annual tradition of identifying local volunteer opportunities for its employees at food and social services organizations. With increased interest to give back locally, Magellan employees were provided eight volunteer choices between September-November. This was an increase of opportunities and months offered compared to past annual campaigns which were primarily focused within October each year.

The six organizations (with a total of eight volunteer opportunities) chosen across the state, provided employees the choice to select a volunteer time off (VTO) company benefit opportunity that worked best for their schedule.

We encourage our provider network and community stakeholders to consider similar opportunities with the food and/or social services organizations listed below or with other organizations performing important work in local communities.

Red Cross Blood Drive, Bristol, PA

- **About:** On September 26, a team of volunteers from Magellan assisted with the local Red Cross Blood Drive at the Ancient Order of the Hibernians.
